

## Megan Short Memorial Scholarship

In April 2008, Megan Short's family established this scholarship in her memory. Megan was a 2003 graduate of Bonduel High School and attended UW Green Bay. She was a kind, gentle and caring individual who lost her battle to brain cancer in July of 2007. She loved school, her horses, her dog and the little neighbor children. The Short family set up this scholarship to benefit students continuing their education in the medical field which includes doctor, nurse, nursing assistant, physical therapy and rehabilitative care specialist with the hope that the recipient will make a difference in the lives of others.

"The true worth of your travels lies not in where you come to be at journey's end, but the lives you touch along the way." This was a quote that Megan tried to live her life by and strongly believed in.
