Junior Achievement is the world's largest organization dedicated to giving young people the knowledge and skills they need to own their economic success, plan for their future, and make smart academic and economic choices. JA learning experiences are delivered by corporate and community volunteers and provide relevant, hands-on experiences that give students from kindergarten through high school knowledge and skills in financial literacy, work readiness, and entrepreneurship. Additionally, Junior Achievement is expanding its reach to 18-to-25-year-olds to provide young adults with critical life skills.

Today, JA reaches more than 4.4 million students per year in 102 markets across the United States as part of 12.5 million students served by JA Worldwide operations in more than 100 other countries worldwide. During the 2022-23 school year, a dedicated core of 655 local JA volunteers reached 10,941 students in the Winnebago region. For more information, visit www.ja.wisconsin.org.
